2013-2014

Full Time live in Nanny, Ages of Children Upon Hire: 4, 9, 11, 13

Provided full-time childcare around the clock, primarily for one little boy during the week. Weekends I watched him and his 3 step sisters. Responsibilities included but were not limited to anything and everything that related to their 4 kids. Duties included planning school schedule and extracurricular activities accordingly. We took several classes together particularly tennis and golf.

All appointments were handled by me as well. I was also his personal stylist and kept him up to date with the latest fashion trends by ensuring that he had a fully stocked closet at four of their homes. I spent a lot of time buying him outfits from all over the world. I was also the clothing buyer for all 3 of his sisters. Quality time was spent at parks, museums, playdates, swimming, and spanish tutoring. Responsible for preparing healthy meals, and overseeing other staff to ensure that their duties were completed effectively and efficiently. Day to day tasks with this busy family differed.

While working for this family I also helped plan both corporate and family events. This included things such as finding a venue, florist, catering, and guest lists. I planned vacations, booked flights, hotels, activities, and also their drivers. I also traveled with the family on a monthly basis which also included keeping the availability to fly with the little boy to Texas every other weekend to see his father.
